## 2022 Te Kano Riesling

The Life Series captures the essence of Te Kano's Estate vineyards, using parcels of fruit from across our subregions to give a snapshot of the season and our unique expression of Central Otago.

Vibrant and aromatic, with tropical Lycee aromas layered over lime zest and citrus blossom notes. Ripe stonefruit, mandarin and green mango flesh out the palate, with lemon and lime bringing balance.

A juicy and moreish Riesling, with abundant sweetness balanced by a racy, wet stone minerality.

### Vintage

The 2022 season was warm and gentle in Central Otago, with a hot Summer and settled harvest conditions. Waitaki was more heavily influenced by it's maritime climate, with a cool, overcast growing season and long warm Autumn. The combination of these diverse conditions has contributed to the complexity of the resulting blend.

### Vineyards

A combination of our Waitaki and Central Otago subregions. Northburn brings ripe fruit flavours and a crystalline minerality derived from Schist based soils. Waitaki's limestone soils deliver elegance, a chalky line to the mid palate and zesty citrus notes.

### Varietal

100% Riesling, Clones 198-19 and 239.

### Winemaking

Hand harvested and fermented at very low temperatures to preserve fruit expression. Fermentation was stopped early to craft a very low alcohol style with residual sugar balanced by racy acidity.

Cellaring.....Drink now to 2025.

Serving.....Serve at 8-10°C

### Technical Data

pH .....3.01

TA.....8.0

Residual Sugar.....43g/l

Brix.....22-23.1

Alcohol.....10% v/v
